

## Quality Policy

At Ansar Decotex S.L.U. (hereinafter, Ansar Deco) we believe that it is essential to define and disseminate our quality policy in order to achieve continuous improvement of our processes, products and services. For this reason, it is essential that our commitment to quality is understood and shared by each and every one of our employees and collaborators.

### Ansar Deco's quality policy

Our quality policy is based on the following strategic objectives:

To create products that are safe for the consumer and that comply with the legal and regulatory requirements that are applicable to them at any place or time in our market of action.

The commitment to comply with the requirements of the system and of the customers, as well as the commitments acquired with them in all the products we offer.

To achieve maximum customer satisfaction, applying criteria of excellence in service and offering a good product, with a good relationship between quality, price and delivery time.

To develop and design our products in order to cover and respond to new market needs.

Establish measurable quality objectives, monitoring them and ensuring that they are met at all times.

As we said at the beginning of this document, these strategic objectives can only be achieved thanks to the teamwork of all the members, collaborators and manufacturing partners of Ansar Deco, promoting the motivation, full integration and satisfaction of our staff.

For this reason, at Ansar Deco we are committed to promoting continuous improvement:

Maintaining and improving the efficiency of our quality management system. Punctually complying with the legal norms and regulations applicable to our activity. Providing the company with the necessary human, material and technological resources and optimising the use and performance of these resources.

And promoting self-control, participation, and safety of all our workers, through the adequate preparation of each one for their job and with the support of continuous training.
